This ride is in honor of Brennan Johnson, husband and father of two small children. Brennan died unexpectedly from heart failure as he finished a routine run at his favorite trail at Sawnee Mountain. He was a talented musician, songwriter, and craftsman. A Georgia Bulldog, he graduated from UGA's Terry College of Business. He loved God, his family, and was a true Patriot. His love, wit, wisdom, and enthusiasm for life will be missed greatly.

Wayne and I and Daisy are on the road again, August took us Sturgis SD and the Motorcycle Riders Foundation induction into the Motorcycle Hall of Fame. September is Meeting of the Minds which this year is in Des Moines Iowa. Hundreds of motorcyclists and MRO's (Motorcycle Rights Organizations) will diverge on the city where we'll set our agenda for this coming legislative session. It's informative and it gives us a good starting point with our local level elected leaders. So much to learn with some of the most informed minds in motorcycle rights. The Motorcycle Riders Foundation does on a national level what ABATE and SMRO's do on a local level. Let's see what the coming year brings. Wayne, our State Legislative Director, will bring you all the updates and I'll bring you the ride details. Till next month.

The GENA McLEOD MEMORIAL RIDE

by Donna Nunez...Another success!!!! This was our sixth year doing our Gena Mcleod Memorial ABATE Legislative Awareness Ride, affectionately known as GMMALAR. It's a 1000 mile ride from Georgia to New Orleans to raise money to fight for your rights as a motorcyclist in the state on a local level and in Washington DC on a national level. All corporate sponsorship money goes to the state to continue the mission. The only words to describe this ride was amazingly fantastic!!! We had 12 bikes, one chase car and 23 people attend this year. From dodging rain until it finally caught up with us in Mississippi to smooth check-in (thank you Prytania Park Hotel) to saddlebag and exhaust issues, it was still a great ride. Everyone is ready for next year already. Of course, the 27 mile Causeway bridge is always the best end to our New Orleans stay. Check out the pictures and plan to attend next year with us.

FROM THE STATE SGT AT ARMS

From the Road

It's been a busy couple of months. Between the turn and burn out to Sturgis and the GMMALAR ride out to New Orleans, a lot of other projects have been in the works. First, Sturgis. I almost didn't make it, work obligations have been weighty this year. But I could not miss the Motorcycle Riders Foundation induction into the Freedom Fighter category for the Motorcycle Hall of Fame. That was an honor, and it's always exciting to be around legends of the motorcycle world. And in my 40+ years of riding, there's a lot of legendary people.

We've been doing a fair bit of work on our state legislative agenda, and my pet project is the "Dead Red" bill. It's a thorn in my side since our first attempt at getting it passed, at least 15 other states have passed their own version of this bill. I'm not straying from this task despite numerous obstacles.

The ride to New Orleans was interesting to say the least. I did the ride out in two days, camping the first night, then meeting up with the No. Ga. contingent on the second. I ended up in a total "ground hog day" fiasco due to some construction and an uncooperative GPS, but made the meeting spot about 3 minutes before the No. Ga. riders arrived. We hit some pretty torrential rain about 60 miles east of Slidell and had to sit out the storm for a bit. All in all, it was a good weekend, and fun was had by all.

I attended the District 11 monthly meeting for September. It was very productive and details will be forthcoming in future newsletters. They had their nominations and it was announced that I've got a new set of responsibilities at the state level, as Assistant to the Southern District Representative. It sounds so important eh.

Finally, I'm gearing up to head to Des Moines, Iowa for this year's MRF Meeting of the Minds. I've been asked, and agreed to participate in a panel discussion with several other women to discuss issues related to being a woman in the world of motorcycles and political action. It'll be pretty exciting and I'll provide an update when it's over for next month.

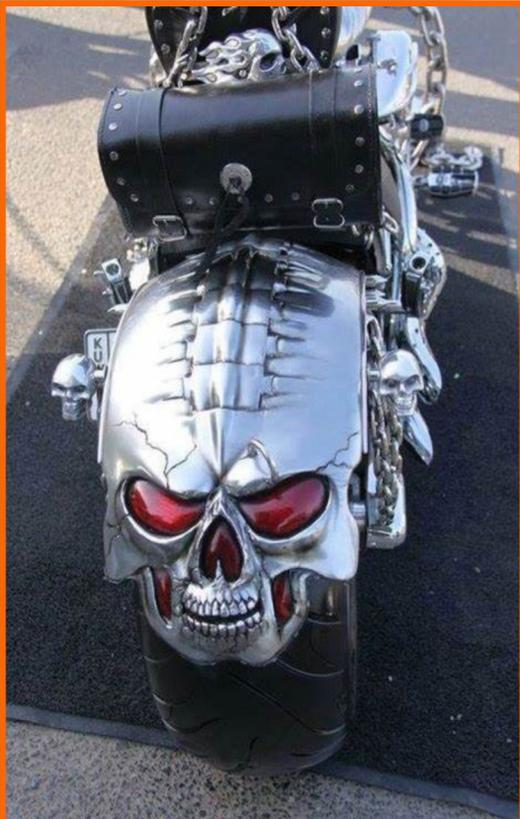

In the meantime. Ride safe, stay dry, don't burn up, keep hydrated, etc.

We Told You So...

August 26, 2022

At last year's MRF Meeting of the Minds in Atlanta, Georgia the fate of the internal combustion engine was discussed. In fact, at the urging of ABATE of Illinois, the following language was added to the MRF's 2022 Legislative Priorities: "Work to ensure the survival of combustion engines. Including elimination of the California air quality waivers which threaten combustion engine production."

In October of 2021 California Governor Gavin Newsom signed a bill into law banning the sale of all off-road, gas-powered engines, including generators, lawn equipment, pressure washers, chainsaws, weed trimmers, and even golf carts.

And less than one year later we learn this, the California Air Resources Board (CARB) that governs motor vehicle emissions for the state adopted new rules that will require 35% of the new cars sold in the state are electric or plug-in hybrids by 2026, with that percentage rising to 68% by 2030 and 100% by 2035.

That's right gas burning cars will no longer be for sale in the country's largest state in less than 15 years. Other states, including Massachusetts and Washington have already signaled that they would follow California's lead.

What does the future of motorcycling look like?

Will the bike you are riding today be legal in a few years?

What will your kids or grandkids be riding... or will they even be allowed to own a motorcycle?

Your Freedom is under assault and without your help we can't fight back!

Thank you to all the members of the Motorcycle Riders Foundation for defending your Freedoms.

We need all street riders to join this fight, if you are not a member of the MRF [click here to join](#).

Georgia successes, failures, and take what you can when you can:

Successes:

For the first time a Georgia Congressman saw the benefits of signing onto a Resolution, After meeting with our Georgia Legislators during Bikers Inside the Beltway, Sanford Bishop joined our fight and became the first Georgia cosponsor of H. Res. 366

Failures:

With Georgia being in the bullseye of this election season, most of the state legislators seem to be hiding under their desks. With many of phone calls and cancelled meetings things are moving slow. But on a positive note, when I call, they know me by name, so the relationships are starting to develop.

Take what you can when you can:

While in Washington with BIB, after talking with Congressman Austin Scott we found out that he introduced H.R. 7731, the transparency in Fuel Act. While I do believe we may have helped sway he mind, the truth is I believe others had a greater hand in this. But you take what you can when you can, so another success.

On another note, it looks like our Chili Day at the Capitol may be on schedule. Well at least they haven't rejected it yet. This was our greatest event to meet with and discuss our issues with legislators. Due to COVID this event has been canceled for the last 2 years, with us luck.....

Big Roy's **SWAMP MEET**

**ABATE DISTRICT 11's
BIG ROYS 31st Annual Memorial
Swamp Meet
September 16 – 18, 2022**

What a beautiful weekend we had to gather and enjoy our annual Big Roy's Memorial Swamp Meet...There was much hard work and labor that went into the prepping for this weekend, thanks to William "Billy Bob" Galloway, Alan "Gator" Tholl, Ronnie Pittman, Terran "Crawfish" Felton and Jimmy "Jimbo" Skinner, who cut grass, picked up trash, weeding, checking the plumbing and power, you name it, they did it, in order for the campground to be welcoming and ready for the weekend.

A great big thanks to Patricia and Jeff Cantaline, who, as always, stepped up and showed out...They rolled in on a Thursday and set up the tents and tables, stocked up the bathrooms, did registration, sold t-shirts or whatever was required, then late Saturday night was breaking it all down, so they might, can relax and enjoy the rest of the weekend. Breezy and Tammy Browning were there ready to renew or open new memberships, as people began to roll in... No one was going to slide by that's for sure.

Unfortunately, Billy Bob was not able to be at the event as he had previous plans that could not be broken, but I was able to go and represent. I helped out wherever I was needed, and had a blast being by Patricia's side as we tackled any of the responsibilities that go with the event...I couldn't think of a better team member to work with. It honestly did not feel like work, it felt like simply hanging with family.

The Wingmen Club, provided us with BBQ and beverage! Yes and it was so good. Each year they run the bar, making sure everyone is provided for and taken care of as far as filling your tummy and quenching your thirst... lol...Thank you to The Wingmen, for always showing up and showing out! We love our Wingmen and their support for ABATE/Big Roy's.

We also had an amazing band, High Velocity, who have played at Big Roy's for many, many years! Ray Tomasino and his group of talented men, were amazing as always. The weekend would certainly not have been complete without them. They gave a great concert on both Friday and Saturday night. You could hear them no matter where you were in the campground, and certainly could not stay seated in your seat, the rhythm definitely moved you. Thank you to them all for being there and making the weekend unforgettable. CMA (Christian Motorcycle Association) was there with us, and were gracious hosts as they provided coffee and breakfast for everyone on Saturday and Sunday morning...

And when I say breakfast, we are not talking cereal...we are talking about bacon, sausage, eggs, grits, biscuits, yum yum...all cooked fresh every morning...They also offer wonderful fellowship as you sit with them under the awnings. What a wonderful God loving group of people who love sharing the love of the Lord. Thank you to each and everyone of their group that came to hang with us this weekend.

On Sunday morning, we had a wonderful church service, by Imago Dei, which is a Christian Ministry Biker group. The praise and worship and message that was brought was such a blessing. The prayers and that were lifted and prayed over us, was heartfelt and healing to say the least. We hope they will come again next year. Thank you to each of them that came to worship with us.

I could go on and on about what a wonderful time we had, but I know I have to save room for other groups to share their stories. So, I will close this letter by saying that all of us, and I mean every district, are so blessed to have such a large group of bikers that we can call family...Yes, we all have our moments for sure, but, doesn't all family's? What matters is, not the problems, but how we handle them and press forward to be better in every way we can. Life is short, so we need to love and be kind, share the love of Jesus every chance we get, reach out to those we haven't spoken to in a while, and let them know that we are always there for them.

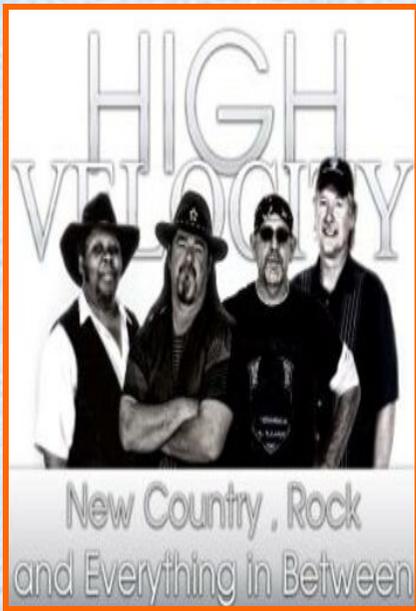

Ride with respect, common sense, and a whole heart. Go ahead and take the time to organize a campout or cookout, or just a "gather around a fire" time and spend it with your fellow bikers. Memories last a lifetime you know...so make them count!

Don't forget that when you ride, look out onto the landscapes that you're riding amongst and be grateful that we are so blessed to be able to do so. Until next time

From our District 11 family to yours -Be safe in your travels...
