ABATE of Georgia

ABATE of Georgia's mission is centered on education. We preserve the freedom of the road by protecting the rights of all motorcycle riders through fair and reasonable legislation; education and public awareness.

We promote a positive public image of the motorcycle riding community. Our members are from all areas of the state, from all walks of life, who ride all makes of bikes. ABATE is not a club, it is a 501(c)(4) nonprofit educational organization. We are affiliated with national groups like the American Motorcyclist Association (AMA), the Motorcycle Riders Foundation (MRF) and the National Coalition of Motorcyclists (NCOM).

FROM THE

STATE DIRECTOR

Hello All,

Hope everyone had a great Christmas with your families' and a Happy and Safe New Year.

As some may know, I have been down with some medical issues over the last 5 month's, however thank God, the surgery and doctors got me through it and I am now in recoup mode.

We are moving forward into the new year with fresh ideas and plans for ABATE of Georgia. We are in the planning stages for 3 state event ride's this year. We will be able to move forward as soon as I can get the information and the direction we can take for an event that I have suggested. In all, there will be 4 state event's in 2023. So, get ready folks to get out and get involved and have the best ABATE we can have.

Hopefully one event will be a 3 day event and one hell of a goodtime if we can pull it together, as right now we are in the planning stages. Details will be forth coming as we get this thing in motion.

As you may know, we are in need of a State Activities Director and a State Legislative Director. If you or someone you know, would be interested in helping out with these positions, please contact the state or myself. We now have a person who has come forward to be our lobbyist, so we are heading in the right direction in every aspect of this organization.

Everyone be safe and please keep our State Membership Director in your thoughts and prayers, as she is in rehab from having 2 strokes over the Thanksgiving weekend.

I would also like to give a big Shout out to Terri Wade for stepping up and helping with membership on the state level, as well as, District 1's DC, Frank Channey, for his help and support to get the membership stuff to Terri so we can keep everything in order.

Hope to see ya'll more this year and hope everyone will be safe in 2023

Greetings and Happy New Year to all! A new year brings with it a lot of new ideas and changes!

First of all, we have a new team working on this newsletter and we all look forward to bringing you lots of interesting content this year for your reading pleasure. Our team along, with Rick Gresham from Island Newsletter, is working together to bring you educational information, legislative updates, events, and more for our motorcycle community.

Second, please stay tuned for our state wide ride events coming up in 2023! We will be getting this information to you as soon as we have buttoned up all the details!

We hope you had a wonderful holiday season and we look forward to riding with you all this year!

Motorcycle Riders Foundation

Talking Membership

Say you're talking to an old acquaintance, or maybe a biker you just met, and the subject gets around to electric motorcycles and how there is already a lot of discussion out there about the demise of internal combustion engines in the not-too-distant future, and how some states are already considering outlawing those engines. Or maybe you're talking about autonomous, self-driving vehicles and how they can't reliably recognize motorcycles, much less pedestrians. Or maybe the conversation is about modifications you want to make to your bike, and how some politicians and bureaucrats don't want you to be able to change your exhaust or tune your fuel system. No matter how you slice it, it's pretty clear that if someone doesn't do something, and soon, motorcycling as we know it could be in trouble.

And now you're thinking this might be a good time to ask your old acquaintance or new friend if they're a member of a motorcyclists' rights group like the MRF, and to explain to them that the MRF actually is doing something about these issues and has been working on similar issues for the last 35 years - and winning.

So, you ask the question: 'Are you a member of the MRF, and if not, would you like to be?' Typical responses usually fall into one of the following categories:

- a)** What's the MRF and why should I join?
- b)** I've heard of biker's rights groups and I would join but if I do someone will just ask me to do more than I want to, and I don't want to be bothered.
- c)** No thanks, I'm not really interested.

For the first response: **a)** "What's the MRF and why should I join?" This is a perfect opening and a chance for you to explain what the MRF does. You can rattle off all the things MRF has been successful at over the years, and the things we're working on today.

Want a good cheat-sheet to carry around for just such an occasion? Print out a copy of the **MRF Accomplishments** sheet and carry it with you.

MRF Accomplishments

- *The Motorcycle Riders Foundation has provided a strong, unyielding lobbying effort on behalf of motorcyclists in Washington D.C. since 1987*
 - *Ensuring the responsible use of renewable fuels, especially regarding the labeling, dispensing and availability of higher blend ethanol fuels such as E15.*
- Led the effort to repeal federal blackmail laws trying to force states to pass mandatory helmet laws for all riders*

Motorcycle Riders Foundation

- Stopped federal legislation that would have classified any group of three or more riders wearing similar clothing as a 'gang'
- Stopped unfair insurance provisions targeting motorcyclists
- Helped to overturn road bans attempting to stop motorcyclists from using roads we pay taxes to maintain
- Overturned the 'superbike' ban attempting to stop the sale of high-performing motorcycles
- Stopped governmental agencies from using taxpayer dollars to lobby against motorcycling
- Continuing to ensure that motorcycles are accounted for in autonomous (self-driving) vehicle designs
- Working to stop motorcycle profiling and bogus check points by law enforcement agencies
- Supporting voluntary rider education efforts to decrease motorcycle accidents, and helping rider education programs to obtain government grants
- Protected the motorcycle industry from onerous and restrictive federal regulations that would have severely damaged the motorcycle aftermarket, and along with it, all riders' ability to modify their bikes the way they want to.
- Continuing to work to stop distracted driving
- Stopped unfair EPA regulations that, if endorsed, would have forced riders to use only 'Approved OEM' parts on their bikes

For more than 30 years, the MRF has led a network of strong motorcyclists' rights organizations protecting rider's rights. The MRF has made sure that we can ride the kind of bikes we want to ride, with the people we want to ride with, wearing what we want to wear, on the roads we want to ride, and make the changes to our bikes that we want to make.

If you're not already a member of the MRF, **why not?** <https://mrf.org/join-the-mrf/>

Then let the person know that we need their help if we are going to go on protecting motorcycling in the future. And ask them again to join us.

For the second likely response: **b)** "I've heard of biker's rights groups and I would join but if I do someone will just ask me to do more than I want to, and I don't want to be bothered." Just let the person know that if they **DO** want to get more involved, we have the perfect organizational structure for them, one that welcomes all levels of grassroots activism. But if they **DON'T** want to get more involved - if all they want to do is make a financial contribution by becoming a member and nothing more - let them know that all we'll say to them is 'Thank You!' We have a lot of members who feel the same way, and we are grateful for each and every one of them. Again, let the person know that we need their help if we are going to go on protecting motorcycling in the future. And ask them again to join us.

For response **c)**: "No thanks, I'm not really interested." Rather than taking this as a non-starter

Motorcycle Riders Foundation

something else?' Just give the person an opportunity to explain to you why it is they aren't interested in protecting their rights and protecting motorcycling, then remind them of how much their support will mean and how little it will cost them, both in terms of time and money.

Then, again, let the person know that we need their help if we are going to go on protecting motorcycling in the future. And ask them again to join us.

The common thread here is this: armed with just a little bit of information and a willingness to ask more than once, each and every one of us can make a big difference in helping the MRF to grow

Rock 4 Tots, We had a great time at the annual Rock 4 Tots fundraiser hosted by Red and Terry's Timbers in Smyrna. This was the 33rd annual event hosted by Timbers and featured music by many local artists over two days. Our friends Heartbreaker, Static Station and 808 were among the variety of bands who contributed their time and talent to this worthy cause. The 50/50 drawings and toy donations also helped make the event a great success. Thanks to everybody involved in helping make the holidays brighter for children in need.

Million Mile Harley

Between its vintage motorcycles and memorabilia, a visit to the Sturgis Motorcycle Museum & Hall of Fame already comes highly recommended. If you're a motorcycle history buff, particularly in regards to the Sturgis Rally, then paying a visit to the museum is a must. It packs a lot of history into what used to be an old post office building. And while there are treasures galore inside, be sure to seek out one of the most interesting motorcycles in the collection, Dave Zien's "Million Mile" 1991 Harley-Davidson FXRT. Any vehicle that lasts a million miles deserves recognition, but to accomplish this feat on one motorcycle makes the feat even more special. The old Harley wears the scars of the road openly, from the frayed tape of its grips to the collection of faded stickers on its wind-screen. Zien, a veteran, and former Wisconsin state senator has been inducted into both the Sturgis Motorcycle Hall of Fame and the AMA Motorcycle Hall of Fame for his accomplishments. All of the motorcycle's travels have been painstakingly documented, and every time he reached another 100,000-mile milestone, Zien logged the date on the side of his top case below his homemade verse "Gold Wings and BMWs Dream & Weep, This High Mile Harley Ain't Gonna Sleep."
