"IT DOES NOT MATTER
WHAT YOU RIDE
WE ALL RIDE FOR
FREEDOM OF THE ROAD"

We Want You

To Ride With Us!

ABATE of Georgia

ABATE of Georgia's mission is centered on education. We preserve the freedom of the road by protecting the rights of all motorcycle riders through fair and reasonable legislation; education and public awareness.

We promote a positive public image of the motorcycle riding community. Our members are from all areas of the state, from all walks of life, who ride all makes of bikes. ABATE is not a club, it is a 501(c)(4) nonprofit educational organization. We are affiliated with national groups like the American Motorcyclist Association (AMA), the Motorcycle Riders Foundation (MRF) and the National Coalition of Motorcyclists (NCOM).

FROM THE
STATE DIRECTOR

Happy 4th of July or as we know in S E Georgia. National Blow Crap Up Day. Seriously folks think about what our country has been through over the years. Think about our freedom and what we have. Compared to other countries. Now think about how our freedom are being restricted by our governments.

If you love the freedom to ride your motorcycle without restricted laws. You need to support your local ABATE districts and join up. It's a never-ending battle to keep our rights and freedom as motorcyclist.

I've heard people say what has ABATE done for me? The bigger question is, what have you done for ABATE? When a law gets thrown our way against motorcycles, first thing you

hear, what is ABATE doing about it?

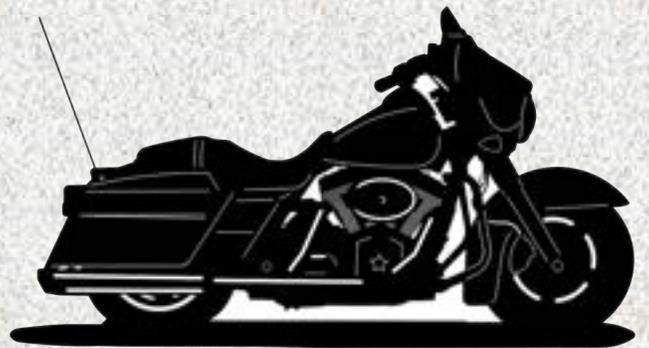

Look into the mirror as a rider, are you looking at yourself as someone concerned about the law or the over reach of governments jeopardizing your right and freedoms.

We have district's that have become inactive; however, members still maintain their membership. If this is you, step up to get your district back to an active state. Be a doer and not a complainer! You should support the organization that is out here working for you by protecting your rights.

Everyone be safe out there, keep your heads on a swivel for the cagers. Because they are not looking out for you.

Editor's **NOTE**

Editor
Ruby Galloway

Motorcycle Bell, what is it, what is it for. The Motorcycle Bell, better known as a Guardian Bell, or Gremlin Bell.

The tradition stems from a belief that these bells ward off bad luck, especially from mischievous spirits called gremlins. It is believed the bell originated during WWII, when pilots would hang a bell in the cockpit, in order to keep the Gremlins off their planes. As the service members returned home, some started riding motorcycles, and the tradition carried on. Its believed, the ringing of the bell, traps the evil, and protects the owner.

It's said the bells power only comes to life, when its given as a gift from a friend, and installed by the giver. It must be placed at the lowest place on the Motorcycle, near the front so it can trap evil spirits early. When the bike is sold, the bell should be removed, the original owner should keep it, or be given as a gift to the new owner.

Happy 4th of July!

APPOINTED TO THE GOVERNOR'S
MOTORCYCLE SAFETY TASK FORCE IN GEORGIA

LEGISLATIVE

As reported previously, the period between sessions at the Capitol is a difficult time to make progress in our mission. That being said, most folks that know me realize that I am persistent, and I will continue pursuing the Representatives and Senators that have helped us in that past, and I hope to have their assistance in the future.

From a phone conversation on June 2nd, Representative Solomon Adesanya (District 43, Marietta) and I had a chance to discuss upcoming plans for our Anti-Profiling bill. While I was (and am) eager to work on this as well as the “Dead-Red” bill, in preparation for bringing up lane-filtering legislation, Representative Adesanya at this time informed me to “pick one” that he can focus on directly. At this point I opted to focus on the anti-profiling bill as it is truly an ABATE bill; we wrote it, we brought it to the House, etc. The others will have many more players involved, and I can present ABATE’s stand on those in the future. Please note: the bill numbers that follow are *current* numbers; these bills will receive new numbering when presented in the next session (Jan 2026).

HB 705; Anti-profiling bill: this will go before the Public Safety and Homeland Security Committee. I have spoken with Rep. Adesanya on June 2 and on June 18 regarding an opportunity to meet with the Chairman of that committee, Clint Crowe, sometime in the near future, well in advance of the next session starting. I am optimistic about the meeting, as it will give me the chance to explain that this bill is in no way intended to restrict Police authority or capabilities. This is our “foot-in-the-door: bill to let them know what ABATE is about. I hope to have details of my meeting with Representative Crowe in the next newsletter. Also good news: the Public Safety and Homeland Security Committee includes Representatives Powell and Ridley, both of whom have assured me of their support.

HB 461, the Motorcycle Mobility Safety Act (aka dead-red bill): this has many more pieces and players involved. Even so, I plan on speaking to the Motor Vehicle Committee chair John Corbett again to have a seat at an upcoming hearing of the committee. I have a series of talking points and data regarding the safety factors and reasoning behind this bill that has been compiled and shared through MRF and other motorcycle interests. Luckily, Representatives Powell and Ridley also serve on this committee! Also on the committee is Rep. Dewey McClain, who has worked with ABATE in the past.

As mentioned, I have every intention of having the topic of Lane Filtering become a major aspect of our legislative work, again presenting the safety & traffic-reducing features thereof. This will take considerable time and education, not just education of the state legislators, but of law enforcement and the public as well. This will undoubtedly be a major undertaking for all of us in order to be successful.

I am excited about the upcoming challenges, and looking forward to continuing to serve ABATE and my fellow riders. Regarding my personal progress since the accident of last August: I am continuing to heal; using a cane at this time, still with a lot of foot healing to go. I also will have left shoulder replacement surgery upcoming; no specific date has been set. The biggest news is that I'm able to drive again! Finally regaining a little independence. Not back on two wheels yet, but give it time...

Still riding for our rights,

Alex "Nomad" Damon

*"The only national motorcyclists' rights organization
dedicated to on-street riders"*

May 5, 2025

The Honorable Sean Duffy
Secretary, U.S. Department of Transportation
1200 New Jersey Avenue, SE
Washington, DC 20590

Re: Executive Order 14219, "Ensuring Lawful Governance and Implementation of the President's 'Department of Government Efficiency' Deregulatory Agenda," issued on February 19, 2025, and Executive Order 14192, "Unleashing Prosperity through Deregulation," issued on January 31, 2025.

Docket Number: DOT-OST-2025-0026

Dear Secretary Duffy,

The Motorcycle Riders Foundation (MRF) submitted comments to the U.S. Department of Transportation (DOT) as part of the Trump Administration's executive order regarding efficiency and deregulation. Within the framework of the request, the MRF submitted comments on rules instituted by the National Highway Traffic Safety Administration (NHTSA) and fuel economy standards.

As you may remember, the attack on the Internal Combustion Engine (ICE) is occurring in three ways. First through emissions regulations issued by the Environmental Protection Agency, second through the power of the California Air Resources Board and finally through increased fuel economy standards issued by NHTSA. Our comments in this submission related only to NHTSA's new fuel standards as that is where the DOT's jurisdiction exists.

We highlighted four concerns the MRF has with the new fuel economy standards which would threaten the Internal Combustion Engine, in an attempt to promote more electric vehicles.

- Reduced availability of affordable support technologies and fuels for motorcycle riders
- Distorted market dynamics and limited consumer choice
- Decreased relevance and impact of the aftermarket parts industry

Rural motorcyclists will be disproportionately impacted due to insufficient infrastructure
We also offered three actions the DOT could take.

- Repeal or rollback of the 53.5 mpg target
- Consideration of non-EV pathways to efficiency that respect consumer diversity
- Protections for ICE technology development that support the motorcycling community

These comments are another example of how the MRF is fighting to protect your rights and freedoms in a variety of different ways. No matter where the fight is, the MRF will be there. Stay vigilant.

NATIONAL NEWS

Congressional Ride To Work Day

June 10, 2025 - Washington, DC

Monday, the Motorcycle Riders Foundation (MRF) joined several other members of the Washington, D.C. motorcycling community to celebrate the annual "Ride to Work Day." To kick off the evening, members of Congress rode to the U.S. Capitol to cast votes on several pieces of legislation before joining a larger ride to Mt. Vernon, home of our first president, George Washington.

2025 is the second year the Congressional Motorcycle Caucus has hosted the event, which is growing in popularity! This year, eight members of Congress attended the event, six of whom led the ride. We are most grateful to the United States Park Police, with a Motor Unit established in 1917, for escorting the ride. The MRF thanks Representatives Tim Walberg (MI), Don Bacon (NE), Troy Balderson (OH), Mike Bost (IL), Mike Collins (GA), Warren Davidson (OH), Claudia Tenney (NY) and Derrick Van Orden (WI) for joining the festivities. The MRF joined with representatives from the American Motorcyclist Association, BMW, Buell Motorcycles, Harley-Davidson Motor Company and Indian Motorcycle for this fantastic event. Working with like-minded motorcycle organizations is important for achieving our legislative goals.

In the words of Congressional Motorcycle Caucus Chair Tim Walberg, "Today was a great day!" We at the MRF couldn't agree more. Any day you can get on a motorcycle and ride with others who truly want to make things better for all riders is indeed a great day.

Motorcycle Tax Credits

June 17, 2025 - Washington, DC

Monday, the Motorcycle Riders Foundation (MRF) sent letters to leaders in the U.S. Senate supporting motorcycle ownership provisions in the House passed H.R. 1, better known as the "One Big Beautiful Bill." The letters were sent to Majority Leader John Thune of South Dakota and Senate Finance Chairman Mike Crapo of Idaho.

The provisions make interest on loans used to purchase American-made personal vehicles, including motorcycles, tax-deductible. There is concern that this provision may be changed in the Senate, applying the tax deduction only to automobiles. This change would not allow those purchasing new, American-made motorcycles that same benefit. The MRF believes that by making the interest on loans for American-made motorcycles deductible, more money will be put back in the pockets of U.S. middle-class riders while further strengthening U.S. manufacturing, U.S. dealers and after-market repair and mechanic shops, ensuring a solid, safe, and strong motorcycle industry.

Expanding opportunities for Americans to purchase motorcycles is a good thing! The MRF is proud to support the efforts of companies like the Harley-Davidson Motor Company as they seek to grow the community of riders.

NATIONAL NEWS

CALL TO ACTION! Definition Of A Motorcycle

In the last week of May, Congressman Derrick Van Orden of Wisconsin introduced a bill that directs the Secretary of Transportation to update the nearly 60-year-old federal definition of a motorcycle. In recent years, a new type of vehicle has entered our roadways, commonly referred to as an autocycle. These autocycles are classified as motorcycles at the federal level but have little resemblance to a motorcycle and the operational characteristics are vastly different.

The Motorcycle Riders Foundation believes this ambiguity about autocycles has created an unnecessary patchwork of rules and regulations regarding licensing, insurance, safety statistics, registration and training courses from state-to-state.

Updating the definition of a motorcycle has been on the MRF's legislative agenda for several years. We are grateful that Rep. Van Orden has taken the first step to address this concern. H.R. 3385 will bring the federal definition of a motorcycle into the 21st century.

H. J. Res. 88 Passes On To President

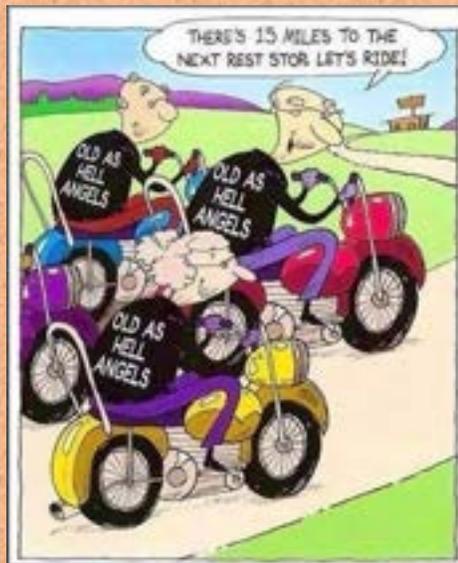

May 22, 2025 - Washington, DC

Today, the U.S. Senate passed by a vote of 51 to 44, H.J. Res 88, a resolution that would overrule the Environmental Protection Agency's rule allowing California to effectively mandate the sale of electric vehicles over the next decade. This plan by California threatens not only the Internal Combustion Engine (ICE) in California but also the entire country, as several other states have tied their rules to those implemented in Sacramento.

You may remember that earlier in the month, the Motorcycle Riders Foundation (MRF) put out a call to action urging the U.S. Senate to vote on this resolution as the House of Representatives had passed it in April.

A vote today and two other planned votes on similar Californian proposals are major victories in the defense of ICE. Protecting ICE is a key part of the MRF's 2025 legislative agenda and we are pleased with the actions taken today in the U.S. Senate. This victory, coming the same week as hundreds of bikers met with lawmakers on this same topic, is a sign that we are being seen and heard in Washington, D.C. Thank you to lawmakers for understanding the need to provide consumers a choice in the type of engine they buy and to all the bikers who spoke up in defense of the Internal Combustion Engine.

RIDE WITH THE LEADERS!

Thousands of motorcyclists' rights activists have attended MRF sponsored annual regional and national workshops since 1985. These workshops provide the nuts and bolts, "user friendly" subjects and training to assist motorcyclists in defending, building, and strengthening their grassroots organizations.

Motorcycle Riders Foundation is proud to present their annual conference for politically motivated motorcyclists! Spend the weekend with some of motorcycling's most educated and dedicated activists. Learn what issues will impact bikers today and in the future!

Use the applications below to join and support the Motorcycle Riders Foundation and to pre-register for the 41st Annual Meeting of the Minds, September 25-28, 2025.

The MRF's primary goals include:

- Monitoring and influencing federal legislation for any impact on the motorcycling community at large
- Representing street motorcyclists by participating in federal research and advisory committees
- Protecting street motorcyclists from unfair or burdensome federal agency restrictions and regulations
- Ending discrimination against street motorcyclists
- Providing all street motorcyclists with direction and information to protect their motorcycling rights
- Promoting motorcycling safety, training, education, licensing and public awareness on American roads

WHO WE ARE

The Motorcycle Riders Foundation is the Nation's premiere motorcyclists' rights organization that is chiefly concerned with issues at the national and international levels that impact the freedom and safety of American street motorcyclists. We are also committed to educating rights advocates to improve effectiveness at the state and local levels. The MRF works together with street motorcyclists, State Motorcyclists' Rights Organizations (SMROs), the motorcycle industry, the media and other organizations, assisting them with state and local agendas as well as working with them to influence action and policy in Washington, DC - from the Congress to government departments and agencies to the Office of the President of the United States. We also work with allies in Canada, Europe and Asia to influence talks on vehicle globalization and harmonization that are proceeding under the United Nations and the World Health Organization.

Hey everyone!

We had a great D11 meeting this month, we talked about upcoming events, and planning for Big Roy's and all the fun stuff like that.

I can't stress enough how important it is to always pay attention of your surroundings when you are riding. So many people drive while looking at their phone, putting on makeup, or whatever else they feel they must do in a car! This distracting driving is a HUGE problem, a problem that sometimes causes death. We need to focus on being the solution and strive to not be the problem. It's getting hot out there, meaning it is going to be rough on the roads. Stay hydrated, wear protective gear, but, allow yourself to breathe. Summer can bring out road rage to fellow drivers, so, keep yourself aware of your surroundings and be safe out there.

In the meantime, get out there and ride, participate in events, support your local groups, organizations, and clubs...or just ride to ride! Either way, be safe in your journeys.... Pay attention to your surroundings and make it to your destination and back home safely. I think that is all I have for now!

As always, thank you for being the best part of ABATE, we will see you on the road somewhere!

Until next time.

William "Billy Bob" Galloway
District 11 DC

DISTRICT 13

District 13 covers the following Counties: Ben Hill, Berrien, Brooks, Colquitt, Cook, Crisp, Echols, Irwin, Lanier, Lowndes, Thomas, Tift, Turner, and Worth. Meetings are on the first Sunday of each month at 2PM at the Wiregrass Farmer on Gordon Ave in Ashburn, GA. See
